

## DR. RICE LEAVES CITY FOR EASTERN HOME; TONAME SUCCESSOR

Popular Health Officer, Who Designed Several Weeks Ago, Leaves Maysville and Will Rest Before Taking New Work.

Dr. John L. Rice, who resigned several weeks ago as County and City Health Officer, left this morning for New Haven, Conn., his home, where he will remain for a few weeks to rest up before accepting new work. Just what he will do in the future, Dr. Rice does not know at this time but he will not doubt be connected with some sort of Public Health work.

Dr. Rice and his wife leave Maysville taking with them the best wishes of a great number of warm friends made during their short stay in our city and county. Dr. Rice was elected County and City Health Officer in May, 1919, and held this office for just about a year. During that period he demonstrated his ability as an expert in preventive medicine and is to be thanked by both city and county for the arrest of epidemics which but for his prompt and efficient attention might have become serious in their sweep over the district.

Although Dr. Rice's service at the head of the Health Department might not have been so spectacular as others, it was one of the most successful periods in the history of the County and City Health Department.

Just who will succeed Dr. Rice here is not as yet known but the State Board of Health has promised to recommend a successor to him just as soon as it is possible and in the mean time the department will be looked after by our most efficient County Health Nurse, Miss Annie M. Casey, which is enough to say that it will be done properly.

## COUNCIL HAS LITTLE BUSINESS THIS MONTH.

City Council has little business to transact in their June meeting which will be held on next Monday evening. It is now thought that the Assessor will not be ready to make a report because of the delay of the Board of Equalization occasioned by their great mass of work. The recommendation of the Proposition and Grievances Committee in regard to the establishment of a curb market will probably be the most important matter before the body.

Buy in Maysville. It pays.

## WEST UNION CONTRACTOR LAVISHES PRAISE ON BAND

Ohio Contractor Here Purchasing Material Says Our Band Made Good In West Union.

Mr. S. H. Edgington, a member of the contracting firm of Edgington & McManis, of West Union, Ohio, was a business visitor in Maysville Tuesday, having come here to purchase some material to be used on a big highway construction project which his firm is doing on a portion of the Grant Highway between Georgetown, Ohio, and Cincinnati.

While in Maysville Mr. Edgington paid a visit to his old friend George Kirk, Secretary of the Chamber of Commerce.

The West Union contractor was strong in his praise of the Maysville Boys' Band, he having heard our celebrated organization of musicians upon the occasion of both their visits to his home city. He stated that the Memorial Day concert given in West Union by the Maysville youngsters was especially good, and that they had made themselves quite as strong with the people of West Union as they are in their home town.

## INTEREST IN CHAUTAUQUA REPORTED BY COMMITTEE

Season Tickets Are Now Being Delivered To Those Who Signed Pledges at Last Year's Meeting.

Plans for the big Maysville Chautauqua, which will begin July 6 at Beechwood Park, are going forward rapidly. Tuesday and Wednesday Miss Zorada Cochran, Chairman of the committee on distributing chautauqua tickets to those who pledged themselves to buy tickets last year, was busy with the assistance of her helpers in delivering season tickets to Maysville residents. The season tickets pledged by people outside of Maysville are being distributed by Mr. Geo. Kirk, County Agent.

The committees in charge of the distribution of tickets report a universal interest in this year's chautauqua on the part of the public, and they feel that the big seven-day program of education and inspiration will be a success from a standpoint of attendance, at least.

The Colt-Alber Chautauqua Bureau will again furnish the talent for Maysville's chautauqua, which fact insures the uniform excellence of the program. There will be an entire change of program and personnel from last year, according to the custom of the Colt-Alber Bureau, and the bureau guarantees that every number will be high-class and well worth hearing.

On account of the high cost of everything—traveling and summer vacations included—it is probable that a number of people of Maysville and Mason county will forego a vacation away from home this summer, and will attend the chautauqua.

## PRESIDENTIAL POSSIBILITIES

WORK TO BE DONE AMONG YOUNG FARMERS THIS SUMMER.

Much time will be devoted during the summer months by the Farm Bureau in cooperation with the State and Federal Departments of Agriculture in club work among the youngsters of the county. Prof. John Hurst Adams, Assistant County Agent, will spend practically all of his time this summer working among the juvenile club members of the county.

## COLORS EIGHTH GRADE WILL HAVE PLAY.

Besides a fine lot of special music, the closing exercises of the Colored Eighth Grade which will be held at the court house on next Monday evening, will be in the form of a play the title of which is "Fighting For a Fortune." There are eight graduates to complete the common school course and be admitted to the High School.

## BAND'S OHIO TRIP CALLED OFF; ITINERARY DOESN'T SUIT

Maysville Band Is Not Offered Trip to Cities They Desired and Contract With Picture Concern Is Called Off By Manager.

Manager J. Harbour Russell, of the Maysville Boys' Band, today called off the contract with the Select Pictures Corporation for their proposed trip through the state of Ohio during two weeks this summer. It was generally understood that the picture company would book the band to play in Cincinnati, Columbus, Cleveland and Akron or Dayton but the contract offered them Tuesday included only the cities of Columbus, Zanesville and Newark.

This itinerary did not suit either the managing committee of the band or the parents of the children and the contract has been dropped although the picture company is very anxious that the band consider trips to other cities to be decided upon later.

Manager Russell is flooded with requests from various organizations over the country asking that the band be contracted for in various cities. A large vaudeville company and a chautauqua talent bureau, however, now have the attention of Manager Russell. One of these companies offer a trip to New York City, Atlantic City and Philadelphia covering a period of one week and this is being considered very seriously. Colonel Russell says he will decide within a short time, with the assistance of the other members of the managing committee as to what trip the band will take for the summer. Many of the parents are anxious that the trip be confined to one week. Colonel Russell, says however, that the members of the band will have a nice summer trip away from home before school again opens.

## TAX SUPERVISORS HOPE TO FINISH ON THURSDAY.

## LOWDEN TO HAVE FIRST TRY-OUT IN CONVENTION

Chicago Dispatch Says Daugherty and Hynicka Reach Agreement on Ohio Senator.

Chicago, June 2.—Governor Lowden is to be the first candidate to have a real try-out in the Republican convention, according to committeemen and arriving delegates. There is a persistent opinion that if Lowden's nomination proves to be impossible, the second genuine effort to force a nomination will find the conservative element behind Senator Harding of Ohio.

The cause of Senator Harding was discussed at length, last evening, by Harry M. Daugherty, his campaign manager, and National Committeeman Rud K. Hynicka of Cincinnati. An amicable understanding was reached between the men, whose relations have been far from cordial. This may have far-reaching effects in Ohio state politics if maintained beyond the nomination period. Mr. Hynicka will cooperate with Mr. Daugherty in the interest of Senator Harding and will carry out the senator's wishes in every particular. Mr. Daugherty will communicate with the senator in Washington today and ask him to come to Chicago so as to reach here on Friday. After further conferences Mr. Hynicka will call a meeting of the Ohio delegates whenever the senator deems it advisable and further steps will be taken to procure for him the solid support from his native state, which his admirers believe he ought to have.

## FINE TOBACCO SEASON.

Mr. John A. Goodman of the Standard Printing Company, of Louisville, one of the state's leading Democrats, was shaking hands with the officials at the court house today.

## GOVERNOR TO NAME STATE ROAD BOARD DURING THIS WEEK

Governor Promises Action on Highway Commission This Week—Says Their Hands Will Be Free.

Frankfort, Ky., June 2.—The State Highway Commission will be named this week. Governor Edwin P. Morrow announced this decision Tuesday night and intimated that the new commission would be urged to make a prompt selection of a highway engineer, who will direct the road building in Kentucky which will amount to \$5,000,000 or more a year.

"I want to get a commission not associated in any way with a company that sells road building material to Kentucky, a commission that will not be allied in any way with a group of men or a corporation seeking to influence the road department to determine upon any particular type of road for the state highway system," declared Governor Morrow.

"This commission will select the highway engineer, being free in their choice from any suggestion from me except the possible recommendation of the names of several men whose qualifications and suitability I have investigated. I consider a proper administration of the new road law one of the most important things to be done in Kentucky in the next few years, therefore, I am deeply interested in it."

"I want to go out of office," the Governor continued, "with some of the love and affection and confidence of the people."

Governor Morrow says that he did not accept the resignation of Road Commissioner Joe S. Boggs, April 1, because of the confusion it would cause in the work of the department, especially in the letting of contracts for federal aid roads, of which more than \$1,250,000 have been let since April 1.

This, said the Governor, should be evidence of the fact that he is not seeking to make political capital out of the department.

Interest in the selection of the new highway engineer, as the head of the road department will be known after July 1, has developed rapidly in the last few days. Communications have been received by Governor Morrow from all parts of the state inquiring about the action he will take, some urging the selection of one man, some another.

## TERRIBLY SWOLLEN

Suffering Described As Torture  
Relieved by Black-Draught.

Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while illing, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture.

I sent and bought Thedord's Black-Draught. I made him take a big dose, and when it began to act he fainted, and was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Thedord's Black-Draught.

Thedord's Black-Draught will help you to keep fit, ready for the day's work.

**"That Telephone is in Trouble..."**

The "inside plant" of the telephone exchange is made up of delicate and intricate apparatus—and no such machinery is entirely "trouble-less."

The signal that operates on the switchboard when you call might "burn out" or stick—then you can't get "Central." The fuse in your line on the "main frame" may blow out—then your telephone is "dead."

Switchboard cords are small flexible cables of many tiny wires; several of the little wires frequently snap from constant handling, then your connection "cuts off."

The apparatus is sensitive to extremes of heat or cold, dust or moisture. It is constantly watched and tested, but no precaution can eliminate all the trouble—these are just a few samples of the things that happen.

Considering all the electrical apparatus and connections involved in a telephone call, it is not surprising that things occasionally go wrong!

#### MAYSVILLE EVIDENCE FOR MAYSVILLE PEOPLE

The Statement of Maysville Residents  
Are Surely More Reliable Than  
Those of Utter Strangers.

Home testimony is real proof.  
Public statements of Maysville people  
carry real weight.

What a friend or neighbor says  
compels respect.

The word of one whose home is far  
away invites your doubts.

Here's a Maysville man's statement.  
And it's for Maysville people's benefit.

Such evidence is convincing.  
That's the kind of proof that backs  
Doan's Kidney Pills.

Ask your neighbor!

124 W. Third St., Maysville, says:

"My kidneys were out of order and I  
had pains through my back. Doan's  
Kidney Pills put an entire stop to the  
pains and my kidneys became well."

RESULTS THAT REMAIN  
Over four years later, Mr. Gallenstein  
said: "I haven't had any need  
of a kidney medicine since I last recom-  
mended Doan's Kidney Pills. The

#### FIRES INTO SWITCH CREW.

Russell, Ky., May 31. — Authorities  
tonight were without trace of the men  
who early Saturday morning fired vol-  
leys of buckshot into a switching crew  
of the Chesapeake & Ohio railroad  
here, seriously wounding two work-  
men.

The injured men, H. R. Brown, of  
Huntington, W. Va., and J. M. Wo-  
mick, of Ashland, Ky., were taking the  
place of members of the Yardmen's As-  
sociation. The fusillade came from an  
automobile on a country road leading  
by the yards.

Other members of the crew escaped  
injury by falling flat on the ground.  
The wounded men were taken to the  
road's hospital in Huntington. Several  
score of detectives guarding the yards  
are engaged in the search for the men  
who did the shooting.

#### ASKS INVESTIGATION OF TOBACCO TRUST

Congressman Fields Urges Federal  
Trade Commission To Investigate  
Reduction of Tobacco Price.

Washington, May 31. — Declaring  
that loose leaf tobacco had been forced  
below the cost of production by what  
he described as a "tobacco trust," Rep-  
resentative William J. Fields, Demo-  
crat, of Kentucky, urged the House In-  
terstate Commerce Committee Satur-  
day to take favorable action on his  
resolution directing the Federal Trade  
commission to investigate tobacco  
manufacturers.

Mr. Fields said that composing the  
"trust" of which he complained were  
the American Tobacco Company, Lig-  
gett & Myers, the R. J. Reynolds Com-  
pany and the T. Lorillard Tobacco  
Company. He added that he was un-  
able to explain the details of their or-  
ganization.

Mr. Fields said that although there  
was no overproduction in 1919, natural  
leaf tobacco was selling at its lowest  
price in ten years, while there had  
been no decline in the price of the  
manufactured product.

The resolution was reported favor-  
ably by the committee Monday.

#### DISCIPLES GIVE \$250,000 IN DRIVE IN THIS STATE

Dr. Clifford S. Weaver to Direct Cam-  
paign Until All Churches Have  
Opportunity To Take  
Part.

Lexington, Ky., May 30. — Dr. Clif-  
ford S. Weaver will be in charge of  
the Kentucky Division Disciples World  
Movement until the \$1,200,000 quota  
for the year has been raised or until  
every Christian church in Kentucky  
has had the opportunity of saying  
whether it desires to have its share in  
the movement. Dr. Weaver said the  
total pledged to date was in excess of  
\$250,000.

"We are proud of the effort made by  
the Disciples churches which have re-  
sponded so nobly to the call for Chris-  
tian service," said Dr. Joseph W. Hag-  
gin, state director of the campaign, on  
the eve of leaving for Covington to  
preach in his own church in that city  
Sunday. "It has been a lesson to us in  
unselfish devotion to the cause of the  
Master and to the great cause of edu-  
cation and missions of the Disciples  
Brotherhood. The fact that many  
churches have had other campaigns on  
their hands and have not had the op-  
portunity to make the campaign neces-  
sary to raise the quotas assigned to  
them has handicapped us and made  
necessary a continuance of the cam-  
paign. Dr. Weaver is simply able to  
look after it, and opportunity will be  
given before it closes for every mem-  
ber of the Christian church in Ken-  
tucky to give or pledge a sum of money  
for this most worthy cause."

"Surely the gifts of the churches  
which have responded to our appeal is  
like treasure laid up in heaven," for  
it will make possible the payment of  
living salaries to hard-pressed teach-  
ers in our colleges and improvements  
which absolutely were necessary, if  
these colleges were to maintain their  
standard of excellence in former  
years."

Dr. Weaver will have an office in the  
Central Christian church's educational  
department, from which he will con-  
duct the campaign for the remainder  
of the fund, which it is hoped to raise  
within the next two months.

#### ANNOUNCEMENT.

Covington, Kentucky, May 10th, 1920.  
For some time past it has been  
known to many of my Republican  
friends throughout the state that I  
would be a candidate for the Republi-  
can nomination for United States Sen-  
ator.

I now desire to make public an-  
nouncement of that fact.

I keenly appreciate the responsibil-  
ity and importance of this high posi-  
tion, and, in the event of my election,  
I will give to the duties of this office  
the best there is in me and will rep-  
resent the people of Kentucky and of  
the United States to the best of my  
ability.

I desire, also, to take advantage of  
this opportunity to express my sincere  
thanks to the many Republicans  
throughout the state who have, with-  
out solicitation on my part, so kindly  
and generously offered me their sup-  
port.

RICHARD P. ERNST.

#### "IN THE DAY'S NEWS."

Thomas Hardy, who reaches the age  
of four-score today, is considered one  
of the most searching and profound  
novelists of the present time. He was  
born in Dorsetshire, England and is a  
direct descendant of the Sir Thomas  
Hardy in whose arms Nelson died. In  
his youth the future novelist read  
much and cherished the dream of be-  
coming a poet, but he studied archi-  
tecture instead and in time became  
quite successful in the practice of that  
profession. It was while thus engaged  
that he again turned his attention to  
literature. For several years he assid-  
uously practiced writing poetry, but  
when he was twenty-seven, he turned  
definitely to fiction. His first novel,  
"Desperate Remedies," appeared in  
1871, but he was not recognized as a  
master of his art until several years  
later, when was published "Far From  
the Madding Crowd." In 1891 appeared  
"Tess of the D'Urbervilles," probably  
the most famous of his works.

The Allie peace terms were submitted  
to Austria.

## It's a Fact

The American man wants real American style in the clothes he wears.

Why? Because the American figure is different, and requires styles based on its own particular lines — styles to harmonize with manly, athletic simplicity.

And this store has such styles for the men and young men of this community.

The fund started with a gift of \$50,000 by three daughters of former President Young, of Danville, and will be made \$200,000 in all.

All salaries of teachers will be increased, the faculty enlarged and a new dormitory built. Dr. Canfield conducted the campaign himself at a total cost of \$2,800.

Heron, of Breckinridge county, brought the book here and presented it to Governor Morrow. It was given to Squire Heron by George I. Hammond, former private secretary to President McKinley. It contained the autograph of President McKinley.

### BOY KILLED BY TRAIN.

Winchester, Ky., June 1. — While hopping a freight train, Roy E. Thomas, six-year-old son of G. C. Thomas, of Mina Station, had his leg cut off and later died in the hospital here.

His 18-year-old brother, with whom he had been picking wild berries, dragged him from under the wheels and carried him half a mile to their home.

### EDWHY DENNISON SPEAKS WITH DAGGER'S POINT.

One twist of his wrist was all that Louis Bennison needed to send his dagger through the air and nail the hand of an escaping murderer to the window frame through which he was leaping, in his latest Hetzwood picture, "High Pockets," which will be seen at the Pastime Thursday.

Louis Bennison's expertness with the pistol and the rifle is well known to his many admirers; but few are familiar with his ability as a dagger thrower. Early in Mr. Bennison's career, he was picked up by a traveling circus, and in the course of his many varied duties, learned how to throw a dagger with such accuracy that he could outline the form of a man in dagger point on a vertical board at a distance of twenty feet. This training has been put to use in his newest picture, which Goldwyn is distributing. His gun is held in its holster by the murderer's sweetheart, so Louis Bennison whips out his dagger as the criminal is jumping through a window and nails his hand to the door.

Although a dummy hand was used to show the dagger find its way home, the photography and laboratory work in this section of the picture is so excellent that a close-up seems to reveal the living hand transfixed with the dagger. Pastime Thursday, June 3.
